This 10ft by 20ft billboard site offers an adjacent position on the very busy Reede Road, Dagenham. The site is subject to heavy traffic build up at traffic lights on one of the main junctions to Dagenham Heathway. Both car and pedestrian traffic is a guarantee with the site, including high footfall from commuters walking to the station. As an extra bonus, this the site is also on the main entrance/exit to both Lidl and Iceland supermarkets, making this an amazing opportunity to promote to potential local customers too.
